

Wonderful Wivelsfield

Here's to the Robins
Full of joy and of fun.
They're not keen on walking
They'd much rather run

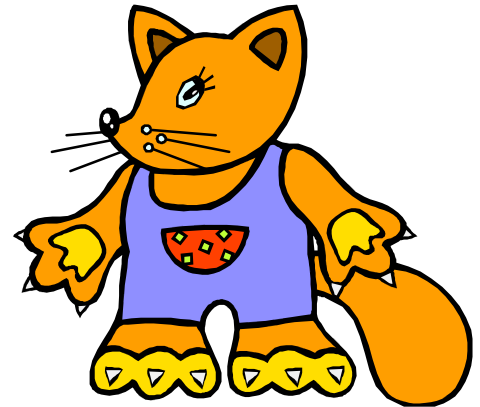

They never are miserable
They smile and they giggle
But...I've heard that it's true
They **eat** worms that wiggle!

Here's to the Owls
They're so helpful and kind
They work really hard
To better their minds

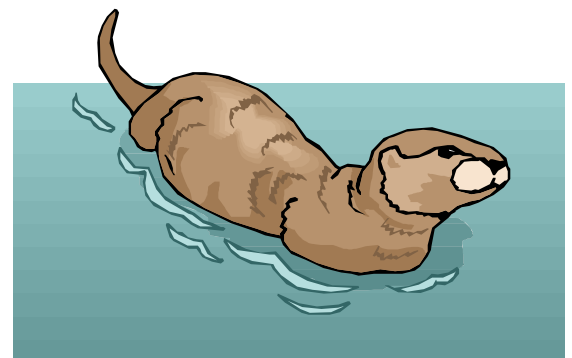

They swing on the monkeys bars
So brave...what a lark!
But...I've heard that it's true
They're afraid of the dark!

Here's to the Foxes
They study for hours.
They did such a great job
On their fine Funky Flowers.

They're ever so thoughtful
They help when they can.
But...I've heard that it's true
They **ate** the Gingerbread man!

Here's to the Otters
They really have got it.
They race through their history
Like Stevenson's Rocket.

They're good at all sports
They swim just like seals
But...I've heard that it's true
They like eating eels!

Here's to the Badgers
They're full of surprises.
They help run the school
And they keep winning prizes.

They're so good at English
At maths they're no mugs
But...I've heard that it's true
They enjoy eating slugs!

Whatever the case
And I'm not sure what's true
Except that
I really have loved
Working
And playing
With you!
